

Verdigris™ Kit Basic Application

Products: SetCoat Black®, SetCoat Metallic Bronze®,
Verdigris Colors™ Dark Green, Verdigris Colors™ Light Green,
Verdigris Colors™ Blue Green

Tools: Artist Brush or Chip Brush, Shaving Brush, Sea Sponge,
Cheesecloth, Spray Bottle,

- step 1. Brush SetCoat® black into the shadow areas to add depth.
- step 2. Using a shaving brush apply SetCoat® Metallic Bronze. Paint hard-to-get crevices with an artist brush

Allow to dry overnight

- step 3. Spritz entire surface with a fine mist of water
- step 4. Thin Verdigris™ Color "Blue Green" with 50% water. Apply with a sea sponge evenly and thinly over the raised areas

Allow to dry 30 minutes between color applications

- step 5. Thin Verdigris™ Color "Dark Green" with 50% water. Apply with a sea sponge evenly and thinly over the raised areas

Allow to dry 30 minutes between color applications

- step 6. Spritz entire surface with a fine mist of water
- step 7. Thin Verdigris™ Color "Blue Green" with 75% water. Apply with a sea sponge liberally
- step 8. Spritz entire surface with water to make the color run
- step 9. Blot away puddling color with cheesecloth
- step 10. Spritz entire surface with a fine mist of water
- step 11. Thin Verdigris™ Color "Light Green" with 75% water. Apply with a brush liberally

- step 12. Spritz entire surface with water to make the color run
- step 13. Blot away puddling color with cheesecloth

Color layers will become more translucent as they dry, revealing the bronze color beneath

Tips: Complete a sample to ensure predicted results.
